The NIH will be making the following changes to forms to accommodate the new DMS plan requirements:

- Data sharing plans and genomic data sharing plans will no longer be submitted to the “Resource Sharing Plan(s)” field.

- A new “Other Plan(s)” field will be added to the PHS 398 Research Plan Form and PHS 398 Career Development Award Supplemental Form to allow for upload of the DMS plan.

- A recommended Data Management and Sharing Plan format page will be provided. DMS Plans generated using other approaches will be accepted.

- The requested direct costs must be indicated as “Data Management and Sharing Costs” as follows:
  - R&R Budget Form: single line item in “Section F. Other Direct Costs”
  - PHS 398 Modular Budget Form: as text embedded within the Additional Narrative Justification

- A brief summary of the DMS Plan and a description of the requested Data Management and Sharing Costs must be included within the budget justification attachment, as follows:
  - R&R Budget Form: embedded within the section L. Budget Justification attachment
  - PHS 398 Modular Budget Form: embedded within the Additional Narrative Justification

These changes will be implemented with application form packages identified with a Competition ID of "FORMS-H" and associated application guide instructions (coming Fall 2022).
